

User manual supplemental instruction

We do the further improvement for better disassembling. Here are some changes on user manual:

Install the LED

1. Remove the ~~four screws~~ (2 pins) from the magazine
2. Disassemble the magazine cover into upper and lower part. Take out the inner case.
3. Install the LED box into the magazine inner case as shown.
4. Assemble the magazine and tighten the ~~four screws~~ (2 pins) to finish.

***Caution:* A Non-pellet Alert Function**

A Non-pellet Alert Function is available for this rifle. Remove the empty magazine before return the bolt handle is a must. Return the bolt handle furiously may damage the gun.
